

ZERO GRAVITY™

A NEW GENERATION OF LIGHTWEIGHT FABRICS from CONCORDIA TEXTILES

This new generation of lightweight fabrics, made from extra-fine polyamide 6 and/or 6.6 yarns, combines the functional benefits of the latter with ultimate wear comfort and aesthetics.

FABRIC	WEIGHT	COMPOSITION	DOWNPROOF
XTR LIGHT	33 g/m ²	PA 6.6	yes (*)
PIUMINO	39 g/m ²	PA 6	no
PIUMI	47 g/m ²	PA 6	no
SAILOR	53 g/m ²	PA 6.6	yes(*)
CAPTAIN	55 g/m ²	PA 6.6	yes
PUMA	55 g/m ²	PA 6	no
NAVIGATOR	55 g/m ²	PA 6.6	yes
COMPASS	58 g/m ²	PA 6.6	yes (*)
MICROFIGHTER	58 g/m ²	PA 6	yes

Ranging from 30 to less than 70 g/m², all the articles in this range have the best weight to performance ratio, are quick drying and soft, and have specific wear benefits. Most of the fabrics are down proof thanks to the dense weave and can hence be used for high-end applications, ranging from down jackets and trekking garments to sleeping bags.
